DEPARTMENT OF NATURAL RESOURCES  
STATE OF UTAH

SECRETARY, BOARD OF  
OIL, GAS & MINING

IN THE MATTER OF THE REQUEST FOR AGENCY ACTION OF BERRY PETROLEUM COMPANY FOR AN ORDER TO FORCE POOL THE INTERESTS OF ALL OWNERS REFUSING OR FAILING TO BEAR THEIR PROPORTIONATE SHARE OF THE COSTS OF DRILLING AND PRODUCING OPERATIONS LOCATED IN THE SW $\frac{1}{4}$ SE $\frac{1}{4}$ , NW $\frac{1}{4}$ SW $\frac{1}{4}$  AND THE S $\frac{1}{2}$ SW $\frac{1}{4}$  OF SECTION 10, TOWNSHIP 5 SOUTH, RANGE 4 WEST, USM, DUCHESNE COUNTY, UTAH

**FINDINGS OF FACT,  
CONCLUSIONS OF LAW,  
AND ORDER**

**Docket No. 2011-011**

**Cause No. 272-02**

This cause originally came on for hearing before the Utah Board of Oil, Gas, and Mining (the "Board") on June 22, 2011, at 9:00 a.m. in the auditorium of the Utah Department of Natural Resources, 1594 North Temple, Salt Lake City, Utah. The following board members were present and participated at the hearing: James T. Jensen, Chairman, Ruland Gill, Jr., Jake Y. Harouny, Chris D. Hansen, Carl F. Kendell, and Jean Semborski. Attending and participating on behalf of the Division of Oil, Gas and Mining (the "Division") was Brad Hill and Clinton Dworshak. The Board was represented by Michael S. Johnson, Esq. and the Division was represented by Steven F. Alder, Esq.

Testifying on behalf of the Petitioner Berry Petroleum Company ("Berry") were Jerry Gonzalez, Senior Landman with Berry, and Clint Turner, landman with Turner Petroleum Land Services, Inc. Mark L. Burghardt, Esq., of Holland & Hart, LLP, appeared as attorney on behalf of Berry.

Jeffrey Robert Parker, as a potential heir of Gus Solmonson, and working interest owner within the Subject Lands described below, appeared, gave testimony, and represented himself *pro se* at the June 22, 2011 hearing.

After the June 22, 2011, hearing, the Board took Berry's Request for Agency Action (the "Request") under advisement. On July 18, 2011, the Board issued a Minute Entry containing an interim ruling granting the Request, but finding that the "locatable (but unleased) owners...had not been apprised of their opportunity to either lease or participate directly in the [two initial] wells for a sufficient amount of time prior to the hearing to be deemed non-consenting owners." Also, the Board granted Berry more time to formally propose two additional wells within the captioned lands. The matter was continued until September 29, 2011.

The supplemental hearing was conducted before the Board on September 29, 2011, at 9:00 a.m. in the Multipurpose Room at the Uintah Basin Applied Technology College, 450 North 2000 West, Vernal, Utah. The Board members present and participating in the September 29, 2011 hearing were: James T. Jensen, Chairman, Ruland Gill, Jr., Chris D. Hansen, Kelly L. Payne, and Carl F. Kendell. The Division was represented by Steven F. Alder, Esq., and the Board was represented by Michael S. Johnson, Esq. Mark L. Burghardt of Holland & Hart, LLP, appeared on behalf of Berry.

The Board, having considered the testimony presented and the exhibits received into evidence at the hearing held on June 22, 2011, and at the supplemental hearing dated

September 29, 2011 (the “Hearings”), being fully advised, and for good cause appearing, by unanimous vote, hereby makes the following Findings of Fact, Conclusions of Law, and Order (hereinafter the “Order”):

### **FINDINGS OF FACT**

1. The lands included in this Request are:

Township 5 South, Range 4 West, USM

Section 10: SW<sup>1</sup>/<sub>4</sub>SE<sup>1</sup>/<sub>4</sub>,  
NW<sup>1</sup>/<sub>4</sub>SW<sup>1</sup>/<sub>4</sub>,  
S<sup>1</sup>/<sub>2</sub>SW<sup>1</sup>/<sub>4</sub>,

(the “Subject Lands”).

2. The Subject Lands were previously spaced under Docket No. 2011-005, Cause No. 272-01, establishing 40 acre drilling and spacing units for production of oil, gas and associated hydrocarbons for the Green River Formation. Drilling and spacing units were established for each of the 40 acre quarter-quarter sections in the Subject Lands.

3. Berry is the owner of a majority of the working interest in the Subject Lands and is the operator of the SFW Fee 15-10-54 and the SFW Fee 14-10D-54 Wells drilled and completed in the Green River Formation. Berry has also formally proposed and will be the operator of the SFW Fee 13-10D-54 and the SFW Fee 12-10D-54 Wells.

4. The Board mailed notice of the hearing to all owners and interested parties for whom Berry could locate addresses on May 31, 2011.

5. Berry, pursuant to an Order of the Board granting its Motion to Serve by Certified Mail and Publication, caused the Notice of Request and Opportunity to Participate in the SFW Fee 15-10-54 Well and the SFW Fee 14-10D-54 Well and the Request for Agency Action to be published in the Deseret News, the Salt Lake Tribune, and the Uintah Basin Standard for three consecutive weeks. In addition, pursuant to the interim ruling contained in the Minute Entry, Berry published the Notice of Opportunity to Participate in the SFW Fee 12-10D-54 Well and the SFW Fee 13-10D-54 Well in the Deseret News, the Salt Lake Tribune, and the Uintah Basin Standard for three consecutive weeks.

6. On May 12, 2011, Berry mailed photocopies of the Request to all locatable and identifiable owners within the Subject Lands as disclosed by the appropriate federal, state, county and other records. Said mailing was by certified mail, return receipt requested. Berry made a diligent and reasonable effort to locate addresses for all owners as defined in Utah Code Ann. § 40-6-2.

7. The Subject Lands consist entirely of fee (private) lands. Ownership is uniform throughout the Subject Lands. The majority of the fee interest in the Subject Lands is owned by locatable and identifiable owners who have leased their interest to Berry. However, according to the Duchesne County records, 1/3 of the interest in the Subject Lands remains vested in Gus Solmonson. The county records contain no documents indicating whether Gus Solmonson is deceased or otherwise identifying any party claiming to have succeeded to his interest. From its diligent research of social

security indices, newspaper clippings, individual interviews, and other records not recorded in Duchesne County, Berry has determined that Gus Solmonson is deceased and that his interest has passed through multiple generations. Berry's research indicates that this interest may have vested in more than 130 parties. Berry has found no evidence that any probate proceedings have been completed for Gus Solmonson or his heirs. Nevertheless, despite the lack of recorded information and probate proceedings, Berry has been able to identify and locate some of the heirs of Gus Solmonson. Yet many more remain unlocatable.

8. As of the September 29, 2011 hearing, Berry had leased approximately 74.13536% of the interest in the Subject Lands, including 7.468693% of the heirs of Gus Solmonson. The remaining 25.864640% in the Subject Lands, composed entirely of the heirs of Gus Solmonson, has not been leased and these parties have not otherwise elected to participate in any of the Subject Wells. The owners of this 25.864640% interest are those who are either unlocatable, unidentifiable, or have otherwise refused to lease their interest or bear their proportionate share of the costs of the Subject Wells (hereinafter "Non-Consenting Owners"). Based on the best information available, the Non-Consenting Owners are identified as follows:

The Non-Consenting Owners referred to in this paragraph are “nonconsenting owners” as defined in Utah Code Ann. § 40-6-2(11) and as used in Utah Code Ann. § 40-6-6.5.

9. The costs of drilling the wells, and the Non-Consenting Owners proportionate share of these costs, is listed as follows:

<u>Well Name</u>	<u>Cost</u>	<u>Non-Consenting Owners Share</u>
SFW Fee 15-10-54	\$711,744.44	\$184,090.14

SFW Fee 14-10D-54	\$799,000.00 (estimated)	\$206,658.47
SFW Fee 13-10D-54	\$799,000.00 (estimated)	\$206,658.47
SFW Fee 12-10D-54	\$799,000.00 (estimated)	\$206,658.47

(the “Subject Wells”).

10. The estimated cost to plug and abandon the Wells listed above would be \$35,000.00 per well.

11. The weighted average royalty for the Subject Lands, as stated in the Third Affidavit of Jerry L. Gonzalez, is 14.550810%.

12. The AAPL Form 610-1989 Model Form Operating Agreement (“JOA”), previously filed with the Board as Exhibit “E”, contains provisions appropriate to govern the relationship between the operator and the Non-Consenting Owners.

13. The Minute Entry, consistent with Utah Code Ann. § 40-6-6.5, set the non-consent penalty as 150% for the SFW Fee 15-10-54 and SFW Fee 14-10D-54 Wells and 300% for the SFW Fee 13-10D-54 and SFW Fee 12-10D-54 Wells.

14. Force pooling of the Non-Consenting Owners' interest pursuant to Utah Code Ann. § 40-6-6.5 in the Subject Lands will promote the public interest, maximize ultimate recovery of hydrocarbon substances, prevent waste, and protect the correlative rights of all owners.

### **CONCLUSIONS OF LAW**

1. Due and regular notice of the time, place, and purpose of the hearing was properly given in the form and manner as required by law and the rules and regulations of the Board and Division to all of the fee owners within the subject lands and all appropriate government agencies.

2. The Board has jurisdiction of the parties and of the subject matter pursuant to Utah Code Ann. § 40-6-6.5.

3. Berry properly served all owners and interested parties by (a) mailing copies of the request to such owners by certified mail, return receipt requested pursuant to R641-106-200 of the Utah Administrative Code, and (b) publishing notice of the Hearings in this cause pursuant to Order of the Board.

4. There are no written agreements for the pooling of the Non-Consenting Owner's interest in the Subject Lands.

5. Berry made a good faith effort to locate the Non-Consenting Owners.

6. The risk of drilling and completing the Subject Wells together with the testimony concerning industry standards for the non-consent penalties, support the imposition of a 150% non-consent penalty as to the SFW Fee 15-10-54 and SFW Fee 14-10D-54 Wells and a 300% non-consent penalty as to the SFW Fee 13-10D-54 and SFW Fee 12-10D-54 Wells against the Non-Consenting Owners as ordered herein.

7. The Request and the evidence presented at the Hearings in this matter establishes that force pooling of the Non Consenting Owners' interests is just and reasonable, promotes the public interest, will maximize ultimate recovery of hydrocarbon substances, will prevent waste of the hydrocarbon resource, and protects the correlative rights of all owners.

8. Berry has sustained its burden of proof, demonstrated good cause, and satisfied all legal requirements for the granting of the Request.

### **ORDER**

Based upon the Request, testimony, and other evidence submitted, and the findings of fact and conclusions of law stated above, the Board hereby orders:

1. The Request, seeking an order force pooling the Non-Consenting Owners interest in the Subject Lands, is granted.

2. Each owner shall pay their allocated share of the costs incurred in drilling and operating the Subject Wells. Those costs include, but are not limited to, the costs of

drilling, completing, equipping, producing, gathering, transporting, processing, marketing, and storage facilities, reasonable charge for administration and supervision of operations and other costs customarily incurred in the industry.

3. Each Non-Consenting Owners' interest in the Captioned Wells shall be deemed relinquished to the consenting owners during the period of payout for the Subject Wells.

4. A Non-Consenting Owner shall be entitled to receive the share of production of the Subject Wells applicable to their interest in the drilling unit after the consenting owners have recovered the following from the Non-Consenting Owners' share of production:

- a. 100% of the Non-Consenting Owners' share of the cost of surface equipment beyond the well head connections including stock tanks, separators, treaters, pumping equipment, and piping;
- b. 100% of the Non-Consenting Owners' share of the estimated cost to plug and abandon the well, as determined by the Board;
- c. 100% of the Non-Consenting Owners' share of operation of the well commencing with the first production and continuing until the consenting owners have recovered all costs; and

d. 150% of the Non-Consenting Owners' share of the costs for the SFW Fee 15-10-54 and the SFW Fee 14-10D-54 Wells, and 300% of the costs of the SFW Fee 13-10D-54 and SFW Fee 12-10D-54 Wells, for staking the location, well site preparation, rights-of-way, rigging up, drilling, reworking, recompleting, deepening or plugging back, testing and completing, and the costs of equipment in the well to and including the wellhead connection, as provided in Utah Code Ann. § 40-6-6.5(4)(d)(i)(D).

5. During such payout period, Non-Consenting Owners' shall receive a royalty of 14.550810% which is the average landowner's royalty based on the leases previously issued on the Subject Lands.

6. The interest rate as permitted by Utah Code Ann. § 40-6-6.5(4)(d)(iii) is set to prime plus 2% as set at Zions National Bank.

7. In calculating the division of interest for each Non-Consenting Owner, the average landowner's royalty shall be proportionately reduced in the ratio that the Non-Consenting Owners' interest bears to the total interest in the tract.

8. When the consenting owners have recovered from production the Non-Consenting Owners' share of the costs of locating, drilling, completing and other costs as provided in Utah Code Ann. § 40-6-6.5(4)(d)(i)(D) together with the non-consent penalty the Non-Consenting Owners' relinquished interest shall automatically revert to them, and

the Non-Consenting Owners' shall from that time forward own the same interest in the Subject Wells and in the production from it, and shall be liable for further costs of operation, as if they had participated in the initial drilling and completion operations. Costs of operations after payout attributable to a Non-Consenting Owner shall be paid out of production.

9. Under any circumstance where the Non-Consenting Owner has relinquished his share of production to consenting owners or at any time fails to take his share of production in kind when he is entitled to do so, the Non-Consenting Owner is entitled to an accounting of the oil and gas proceeds applicable to his relinquished share of production; and payment of the oil and gas proceeds applicable to that share of production not taken in kind, net of cost.

10. The terms and conditions of the JOA, previously attached as Exhibit "E", shall control the relationship of the parties as to all matters not expressly identified in this Order and to the extent not inconsistent with this Order. In the event any terms of the JOA conflict with the terms of this Order or Utah Code Ann. § 40-6-6.5, the terms of this Order or the statute, as applicable, shall control.

11. The Board has considered and decided this matter as a formal adjudication, pursuant to the Utah Administrative Procedures Act, Utah Code Ann. §§ 63G-4-204 through 208, and of the Rules of Practice and Procedure before the Board of Oil, Gas and Mining, Utah Admin. Code R641.

12. This Order is based exclusively upon evidence of record in this proceeding or on facts officially noted, and constitutes the signed written order stating the Board's decision and the reasons for the decision, as required by the Utah Administrative Procedures Act, Utah Code Ann. § 63G-4-208, and the Rules of Practice and Procedure before the Board of Oil, Gas and Mining, Utah Admin. Code R641-109; and constitutes a final agency action as defined in the Utah Administrative Procedures Act and Board rules.

13. **Notice of Right of Judicial Review by the Supreme Court of the State of Utah.** As required by Utah Code Ann. § 63-G-4-208(e) through (g), the Board hereby notifies all parties to this proceeding that they have the right to seek judicial review of this Order by filing an appeal with the Supreme Court of the State of Utah within 30 days after the date this Order is entered. Utah Code Ann. § 63G-4-401(3)(a) and 403.

14. **Notice of Right to Petition for Reconsideration.** As an alternative, but not as a prerequisite to judicial review, the Board hereby notifies all parties to this proceeding that they may apply for reconsideration of this Order. Utah Code Ann. § 63G-4-302. The Utah Administrative Procedures Act provides:

(1) (a) Within 20 days after the date that an order is issued for which review by the agency or by a superior agency under Section 63-46b-12 is unavailable, and if the order would otherwise constitute final agency action, any party may file a written request for reconsideration with the agency, stating the specific grounds upon which relief is requested.

(b) Unless otherwise provided by statute, the filing of the request is not a prerequisite for seeking judicial review of the order.

(2) The request for reconsideration shall be filed with the agency and one copy shall be sent by mail to each party by the person making the request.

(3)(a) The agency head, or a person designated for that purpose, shall issue a written order granting the request or denying the request.

(b) If the agency head or the person designated for that purpose does not issue an order within 20 days after the filing of the request, the request for reconsideration shall be considered to be denied. *Id.*

The Rules of Practice and Procedure before the Board of Oil, Gas and Mining entitled “Rehearing and Modification of Existing Orders” state:

Any person affected by a final order or decision of the Board may file a petition for rehearing. Unless otherwise provided, a petition for rehearing must be filed no later than the 10th day of the month following the date of signing of the final order or decision for which the rehearing is sought. A copy of such petition will be served on each other party to the proceeding no later than the 15th day of that month. Utah Admin. Code R641–110–100.

The Board hereby rules that should there be any conflict between the deadlines provided in the Utah Administrative Procedures Act and the Rules of Practice and Procedure before the Board of Oil, Gas and Mining, the later of the two deadlines shall be available to any party moving to rehear this matter. If the Board later denies a timely petition for rehearing, the aggrieved party may seek judicial review of the order by perfecting an appeal with the Utah Supreme Court within 30 days thereafter.

15. The Board retains exclusive and continuing jurisdiction of all matters covered by this Order and of all parties affected thereby; and specifically, the Board

retains and reserves exclusive and continuing jurisdiction to make further orders as appropriate and authorized by statute and applicable regulations.

16. The Chairman's signature on a facsimile copy of this Order shall be deemed the equivalent of a signed original for all purposes.
